G#m

And he said son won't you follow this way

## [Chorus]

And now he's screaming:

G#m

Oh please won't you come with me

C#m

Back on home, leave bad company

D#

Aren't ya tired of being treated cold and left for dead

G#m

It won't be easy for the broken and weak

C#m

But the fire insides got plenty heat

D#

As you're stuck livin' in old country

G#m

With the sinners and the damned
